

11<sup>th</sup> March 2019

Dear Parents/Carers

I would like to invite you to a special event on Wednesday 20<sup>th</sup> March starting in the Hall at 6.30pm. You are doubtless aware of the refurbishment to the Science laboratories, and to the RE, MFL and Maths accommodation in the new look K Block.

Later this year, we will be embarking on the ambitious redevelopment of the large and historic Victorian Building. It will give us the latest in classroom and ancillary facilities with the added advantage of some of the loveliest views of the North West of Bishop's Stortford!

But before this momentous work commences, you are invited, along with some of our former pupils, to tour the building in its original condition and learn more about the redevelopment.

There will be a drinks reception at 6.30pm followed by a tour at 7pm, with a pleasant surprise included on our journey. The event closes with a short presentation by Mr Celano on the theme of the modernisation and transformation of the school's facilities, and what the future could be beyond that.

If you would like to be more involved with the future vision of the school, this event will be of especial interest.

Attendance is by RSVP only as space is limited. Please RSVP at [info@stmarys.net](mailto:info@stmarys.net) by Friday 15<sup>th</sup> March.

Yours faithfully

Mr E. Bonich (St Mary's Vision 2025)
