

Year 11 Destination Data 2020

This year group have risen magnificently to the challenge of coping with the last few months. I am hugely impressed by their resilience and strength, and I'm also delighted that they have achieved truly exceptional grades. Ever since they arrived at the school five years ago they have been a focused, hardworking group and the results they have been awarded today reflect the incredible attitude to learning that they have consistently shown. Spiritually, emotionally, academically and pastorally, these young people have developed enormously over the years; they are amongst the finest students a school could ever hope to work with. Because of that, we're especially pleased to be welcoming so many back into our Sixth Form; we've missed them, and they've missed each other, so it will be wonderful to see so many of them taking their rightful places at the top of the school, together again, and taking full advantage of our cutting edge new accommodation and facilities set to open for this new Year 12.
