

Dear Parents

Due to the behaviour of several students when travelling on school buses, the school has decided to implement a Behaviour Warning sheet which will be used if pupils misbehave on their bus to and from school.

The sheet will be used to monitor individuals' behaviour. If a child is warned three times then a fixed-term exclusion on any school bus will be implemented. "However, an instant ban for a set period will be issued where the students' behaviour deems such a sanction."
