

Complex and Difficult Issues – *Note to parents/carers: books from this list are chosen because they help the reader to think, understand and empathise with some complex and difficult issues. By secondary school age, we would increasingly expect young people to be ready to engage with this but parents know their children best; if you have queries about suitability, please check online reviews or ask Mrs Frino (school librarian) or Miss Keane (Literacy Coordinator)*

Books to help you think, understand and empathise
