

## Green Careers Week Monday 6<sup>th</sup> – Friday 10<sup>th</sup> November

Green Careers Week is a new thing, this is its second year running.

It's a week aimed to help everyone to become more aware of Green jobs, the Green Industry and in particular future jobs and career paths.

Next week in school, all students will have a dedicated PSHE lesson on Green Careers with the aim that all students will have a better understanding of the careers and jobs available in the green industry. Students will also be participating in Form Time Activities relating to green careers, from quizzes to short videos of people on the job or in green apprenticeships.

## What is a Green Career?

In the simplest terms, green careers include roles within businesses that benefit the environment and conserve natural resources. These roles have been growing over recent years and are bound to increase further as the necessity for greater energy efficiency and sustainability becomes more urgent.

More to come on this next week!

## OPEN EVENINGS

📅 21st November 2023

🕒 5.30pm - 8.00pm

📍 Broxbourne Campus, Ware Campus  
Open Events

## Upcoming Dates

- Saturday 14th October, 10am - 3pm
- Saturday 25th November 10am - 3pm

# NHS Healthcare Careers Virtual Work Experience

JOIN ONLINE

NHS Virtual Work Experience Programme commencing on **Sunday 5th November**. To register, follow this link: <https://alliedhealthmentor.org/nhs-healthcare-careers-virtual-work-experience/>

Students considering a career in the Allied Health Professions (AHP) are encouraged to secure their place on the programme as soon as possible. This will allow them to complete several sessions of work experience before the UCAS and apprenticeships deadline for NHS Health Careers in January. Students wishing to pursue careers in the following industries are recommended to register; **Nursing, Midwifery, Paramedicine, Physiotherapy, Occupational Therapy, Dietetics, Radiography, Prosthetics and Orthotics, Speech and Language Therapy and Pharmacy.**
