

Temperature Charts

Assessment Point 4 – July 2022

The pages of this document contain the ‘Temperature Charts’ that we produce to help parents and students make comparisons between subjects at Key Stage 3 (since each subject has their own level system it can be difficult to make immediate comparisons). For more information on how to use these ‘Temperature Charts’ to interpret your child’s latest Assessment Data please read the Assessment Point Guidance for Parents Document in the Policies Section of the School Website
