

# WHO YOU CAN TALK TO

Key Mental Health & Wellbeing Staff at St Mary's Catholic School

A recent survey told us that **70%** of our students do not know who to talk to when they have an emergency in school!

**Every member of staff** at St Mary's has been trained to listen, understand and respond to your concerns.

We care about how you are feeling and we are here to do our best to help.

Your first point of call should be your **form tutor**, or any member of staff who you trust. They will help you by alerting your Head of Year and DSLs about your concerns.

## Confidential reporting system

There are lots of members of staff here to talk to, but we understand that it is difficult for some students to tell us what is on their mind.

That is why we have created an online reporting system. This means that students can use their email address (school or personal) to alert the relevant teachers and wellbeing staff of your problem, and we will find a way to help them as soon as we can.

Either scan the QR code or visit <https://stmarys.thesharpsystem.com> to make your report.
