History

You will cover a range of interesting and important topics in History lesson. However, unfortunately we also have to leave a lot of interesting topics out! These worksheets are an opportunity for you to find out about a more diverse range of topics, which occurred at the same time as the topics you are studying in class. When told by your teacher, pick one of the worksheets to complete for homework. Find the answers using the links at the bottom. Either download and print out the sheet and complete it, or write the answers into your books.
